

Department of Applied Science & Humanities
Parihaspara Pattan, Jammu and Kashmir 198121

Volume II Summer 2018

Chairman
SSM College of Engineering

Kashmir has been a valley of higher learning since time immemorial and has attracted renowned scholars from the world. Our endeavour is to make this institution as one of the highest seats of learning at par excellence so that we compete with present global technical challenges. We strive to maintain high standards to come up to our motto, "Education Par Excellence"

Senior faculty members attended a workshop on Saansad Aadarsh Gram Yojana (SAGY) at NITTTR Chandigarh, so that a similar programme may be organised in the rural areas spread awareness especially those areas which are wallowing in the shade of ignorance in the valley at present time.

A Seminar was conducted in the department of Humanities to discuss the social issues and the ways to curb the social malice which is engulfing our society and has become a menace for us.

A survey was conducted in wagoora under the SAGY scheme to assess the situation in the village and to identify the areas which need development and can be benefited by the various schemes

Students and faculty members from the department visited Singpora area under the scheme UBA (2.0) to grasp the situation of development at present and to identify the lacunae in the course of progress and development.

A picnic was organised by the department to refresh the minds of young students and to rejuvenate in the lap of mother nature.
