Subject: - Participation of students through online classes.

It has been brought to the notice of the undersigned that the online teaching/learning being imparted through different platforms, is not attended fully by enrolled students of various branches which may result into difficulties for such students who skip the online classes.

It is, as such, impressed upon all the HODs to communicate with such students through mentor mentee system in vogue so as to ensure their participation in the online classes in order to avoid problems that may arise in future/at the time of examination.

The issue needs to be addressed on top priority.
