

SSM College of Engineering Parihaspora Pattan

Instructions for online examination of Engineering Drawing:

1. The paper shall be of one hour duration (including download time of the question paper and upload of the answer script).
2. The paper shall consist of two short type questions, each of 7.5 marks, and one long type question of 15 marks. However, the marks will be scaled to 50 for evaluation.
3. The examination shall be conducted via Google Classroom. The classroom code shall be shared with the candidates prior to examination.
4. The WhatsApp contact of the concerned examiner shall also be shared in advance. The candidates finding difficulty in uploading the answer script on Google Classroom can send the answer script on the WhatsApp of examiner within the given time of one hour, and later on... Answer scripts received after 1 hour won't be considered for evaluation.
5. Students duplicating answer script partially or completely of some other student will result in disqualification of both students (one whose paper has been duplicated as well as one who duplicated the paper of other student/s).
